Ease of Doing Business Assessment of States

Ease of Doing Business (EoDB) in India is an attempt to create a conducive business environment.

- Emphasis laid on simplification and rationalization of the existing rules and introduction of information technology in governance.

- In 2017 BRAP survey assessed and ranked 36 States and Union Territories (UTs) on the implementation of 372 business reforms and G2B feedback received on 72 reforms.
Ease of Doing Business: Comparison with other States/UT’s

Ease of Doing Business: Where Kerala Stands

Comparison of Implementation % over the years

Top Reforms Implemented in the State
- Environmental Registration Enablers
- Single Window Mechanism,
- Online systems for obtaining utility permits/connections
- Labour Regulation – F&B, Labour
- Sector specific reforms
To improve the state’s position and to transform the state into a vibrant investment destination and accelerate its industrial growth, proactive measures were taken to streamline the procedures for granting clearances.

Multiple consultative meetings and write shops held with concerned departments / agencies and stakeholders.

Taking into account the highly competitive timelines, a suitable supporting governance mechanism was required for the State.

**KSWIFT** – an Online Single Window Clearance Mechanism and **IBPMS** - an Intelligent building plan management system for the issue of building and development permits
Business Reform Action Plan 2018 -19

- Department of Industrial Policy and Internal Trade, revised and compiled BRAP into 80 points with a total scoring weightage 143.
- BRAP is designed to obtain Feedback on all reform points.
